

DOI Work Activity J3: Assess Hazmat Sites

Program Area:	Protect Communities
End Outcome Goal:	PEO 1 – Improve Health of Watersheds, Landscapes, and Marine Resources that are DOI Managed or Influenced in a Manner Consistent with Obligations Regarding the Allocation and Use of Water SEO 1 – Improve Protection of Lives, Resources, and Property
Intermediate Outcome:	PIO 1.1 – Restore Watersheds and Landscapes SIO 1.2 - Improve Public Safety and Security and Protect Public Resources from Damage
DOI Sub process:	1a - Collect data (conduct inventories, surveys, monitoring)

Examples/Notes: This work activity is associated with monitoring and maintenance activities related to hazardous materials sites. Examples of monitoring activities that can be included are quarterly groundwater sampling and analysis after a landfill or repository cover or cap is installed at a site, monitoring of water from a water treatment system installed as a remedy for contaminated surface or ground water at a site. Examples of long-term maintenance that can be included are reseeding on a landfill or repository cover, replacing carbon filters or biological media in water treatment systems. **Restoration/recovery actions associated with Natural Resources Damage Assessment and Restoration (NRDAR) sites are captured under DOI work activities 7F through 7K pertaining to restoration treatments.**

Work Activity Description: All costs (labor and operations including equipment, travel, materials and contracts) associated with planning, conducting, overseeing and documenting the work described below should be charged to this activity.

- Monitoring hazardous materials and oil spill sites to ensure human health and safety, and protection of the environment, or to comply with regulatory requirements or orders. This does not include sampling and analysis conducted as part of a verification/assessment/inspection of a hazardous materials site.
- Long term maintenance of a hazardous materials site where a response action or remediation has been completed.
- Training, including participating in developing training and policy/guidance to improve work activities described above.

Output: Sites Assessed	Unit of Measure: Number Of Sites Assessed.
Inputs: FTE and operating expenses	Cost Drivers: Policies and regulations; enforcement orders
